Foreword

In quiet contemplation, I wrote these inspirational affirmations by accessing the Akashic Records. I tap into Divine Wisdom and the words come forth. I share these with you now, knowing the words will have meaning for you, too.

As you go to center and listen to the still quiet voice within, all you need to do is ASK and you will receive an answer. Take the time for private study, inner work, reflection and spiritual development. Go inside the words, and allow the language of Spirit to sink in deep to feel the meaning. These inspirational affirmations will allow you to get in touch with your own Divine Wisdom and take inspired action.

As you reach higher levels of awareness of the Divine Intelligence always present, enjoy the increased manifestations of inner calm, joy, love and peace.

Infinite blessings of love to you on your spiritual journey.

Namaste,

Jennifer Weggeman

Journey in Spirit

Just as trains roll to their intended destination, so does my journey in Spirit keep rolling and flowing into the Divine Presence that is always within the light.

Any human physical discomfort can be an impetus for change and growth to newer levels of understanding. Higher ground appears to me as I bring more wisdom to my experience and unfold the Truth.

All peace of the Universe is within me now. I give thanks for this gift of light.

And so it is.

All is Well in My Relationship with God

The Spirit of Oneness is present in my awareness now. All of the Universe connects in Spiritual Wisdom through me, as me. I create and express the One Mind of God, Infinite Intelligence.

This day, I declare all peace in my relationships, and I nurture those in my life to succeed in their experiences. By creating new thoughts and ideas to serve those I love, I am open to Universal Truth, and blessings are bestowed upon my life in great magnitude.

All richness and beauty, power, joy and love are carried by means of me as God. This is a truly great day, and I go forth with great anticipation of the wonder and harmony I am yet to experience.

For this I am grateful to God, and all expressions that are before me now.

In gratitude, I bless this day. And so it is.

At Home

The Light of Spirit is abundant and true. All of God is everywhere present. Beside me, around me, through me, it is all God.

My life is God's life. I am a point of power in the web of the Universal Mind of God. I seek to know God as me, as God seeks to know Itself.

This day is a gift; I look on all my moments with joy, anticipation and peace. This day presents gifts of growth, and I look eagerly to unwrap the present.

Today I step boldly toward my vision. All the energy of the Universe supports me in all I do. Right contacts, resources and direction are provided with ease.

This is a beautiful day, and all I need do is be present for it. Everything unfolds in perfect order with Divine intention.

My spiritual gifts are recognized, and my energy is appreciated. This brings me peace to let my creative expression unfold to its highest good for all around me.

I give thanks now to Spirit. This day is a blessing, and I treasure all creatures and individuals that come into my conscious awareness.

I declare all good flows to and from me now, and I release my Word into the temple of Spirit where all things are possible.

Thank you, God. And so it is.

Truthful Peace

I am one with Divine Presence. I accept all good through Eternal Source. The Divine guides my thoughts and creates expressions of love, beauty and joy in my world.

All peace resides within me. True acceptance of Truth lies before me in wonderful glory for all to see, expressing through me with divine light and love to all. I hear the clear bells of peace ring out in my word. All infinite peace is within me now and forever more.

I thank God for these words and release them into the Law.

And so it is.
